NCC Cadet
Born leader
Karate Blue Belter
Traveller
Cycling

GARG SHIVANSH

I am writing to express my interest in the summer internship program with your company. I learned about your company through the student center at my university and, after visiting your website. I have immersed myself in your groundbreaking work in the industry.

Currently majoring in Computer Science, I will receive my degree soon. I feel that your agency places prominence in similar areas and having the privilege of serving as an intern with you will increase my learning opportunities and give me the exposure I need to advance my career while using what I've already learned to make an impact on your clients.

After graduation, I hope to work for an agency like yours to grow my experience, serve clients and eventually will help you to take this company to new heights. With the right opportunities and experience working with prominent clients, I believe that I can achieve my goal or maybe I should say, our goal.

Previously, I do hold some experience in dealing with clients and working on critical projects. During my mid academic days, I had the opportunity to learn the Adobe Creative Suite of products, including Photoshop and Lightroom, Premiere Pro, After Effects, XD and much more. I also learned how to craft compelling campaigns that garner attention. I believe that my knowledge of digital marketing, social media and memes could be of interest to you, as I can also help you grow your social media team.

I would like the opportunity to meet with you and discuss the internship opportunities you have available. Please let me know if you have any questions or would like to see specific work samples. You can reach me by phone at (+91) 78072-06146 or by email at gargshivansh0811@gmail.com.

Thank you for your consideration.

-Shivansh Garg
